

Dental option for your family!

- If you do not have a family dentist, you may want to consider this.
- Contact the Health Office for application!

The Mobile Dentists/ Smile Program team will set up a mini dental office in our building and ***can provide dental examinations, cleanings, fluoride treatments, x-rays and sealants (if necessary), and fillings for children who return completed forms.*** This is an on-site preventive dental care service, which would be a great thing for children who do **not** receive routine dental care.

Mobile Dentist/Smile Program can provide these services to families who need financial assistance, and it has subsidized fees for those who choose to pay for the preventive care. **No child is ever turned away because of financial need.**

Please note that this is an easy way for your child to receive dental care. No transportation needed and no time away from school! If you have any questions please feel free to call me at 817-1380 or email mtemplin@ottoeldred.org.

Sincerely yours,
Mrs. Templin, RN,CSN
